Experience:

Right now, I don't have any company level experience. But I do have an entry level Project experience by doing some own projects. And I did 2 projects using Bootstrap 4 that I have mentioned in below.

Projects:

1. Fashion Zone (March-2023):
   - It is an E-commerce website that contains some minimum product details, where we can just see the products. I used JavaScript for validate the signup and login page.
   - Technology used: Html, CSS, Bootstrap 4, aos-animations, CSS-animations and JavaScript.
